Do not join this fact to Stripe Checkout directly — payments live in WhFactPayment.

Nightly mart-rollup loads the star. OLTP AnalyticsEvent stays the raw log.

Shipped with this pack

- Venmo off checkout, landing, and Mark paid. Stripe is the membership rail.
- Reset password is the public name. /reset-password · /forgot-password redirects.
- /a and /b published. Cookie set. Signed-in preview works.
- Coach Class upgrade request + waitlist place + monthly paying-customer draw.
- Mobile welcome bar: logo + theme + menu. Today / Sign out live in the menu.
- A buttons: darker purple + white plate, emerald How it Works, gold/green Explore.
- Warehouse star started: WhDim* + WhFact* loaded from mart-rollup.
